

Name:
May Fujiwara

Fact:
May is active in the community participating in many local clubs and organizations, including serving as president of the Lahaina-Honolua Senior Citizens Club

I'm Ready to Enjoy my Golden Years!

With the high cost of housing on Maui, May Fujiwara's children and grandchildren were forced to move back in with her to make ends meet. While she loves her family, May represents many of Maui's seniors who have lost some of their privacy and independence once their children move back home. Pulelehua's affordable housing would help May's children – and other families in the same situation – to afford a home of their own, and allow their parents to fully enjoy their prime years.

Pulelehua can only happen with your help. For more information visit the website at www.pulelehua.com or call at 665.5493.
